## **Parent & Coach Resources**

In an on-going effort to help coaches and parents have access to resources for teaching kids baseball fundamentals, WPLL is offering a couple of resource options.

\*One resource we are offering is a subscription to BigAl Baseball. We will be sending out details to parents. All parents and coaches will have access to resources on how to execute baseball fundamentals.

\*A second resource is through Little League University. If you search for Little League University on line, you can signup for free account and get access to their huge resource library.

## **Bat Rules Changes Are Here**

In 2018, Little League along with all major youth baseball organizations are going to require that all bats meet these standards:

## USA Baseball marking 2 5/8" barrel maximum

All bats not meeting this requirement will be illegal in 2018.

For a complete list of legal bats, please visit: https://usabat.com/
More info can be found on Little League and WPLL's web sites.

## League Age Calculations Dates Are Accurate

Three years ago Little League International adopted a new league age chart. Our registration system has been updated to correctly calculate a player's age. We have also been able to update our softball system to correctly calculate softball ages.
